Solutions for me.

We would like to invite you to benefit from our depth of expert knowledge and wide range of solutions focused on automatic 3D optical inspection and 3D X-ray inspection of critical solder joints and demanding electronics.

At this year's world's leading trade fair *electronica* from November 13-16, 2018 you will experience the latest technological highlights in the inspection of electronic assemblies and printed circuit boards at Viscom:

- **The new 3D Bond** inspection system secures a fast, highly accurate wire optical bond assembly control with **loop height measurement in 3D**.
- 3D AOI multitalent: Our S3088 *ultra gold* combines outstanding inspection depth with ultra-fast inspection speed for **peerless first pass yield results**.
- The innovative X7056-II system realizes **optical and X-ray in-line inspection in the smallest footprint**. This combination system, distinguished by multiple awards, scores with the fastest handling – below 4 seconds – and brilliant 3D slice image results for easy defect classification. Cut your false call rates down to nearly zero, especially for voids.
- Thanks to **multifaceted inspection programs and versatile handling**, the X8011-II PCB manual X-ray system streamlines random tests and prototype inspections. In interaction with a Cobot, an ideal team for automated special analyses.

Sharpen your competitive edge with Viscom as inspection partner: trend-setting inspection systems for every inspection task, intelligent Industry 4.0 solutions, comprehensive service package and outstanding software solutions for the simplest inspection program creation and the most reliable verification.

We look forward to inspiring conversations with you at our new Viscom booth in Hall A3, Stand 642 with live insights into our latest innovations.

Under the following link you will receive your voucher code **MMQJBY47Q9CJHE** for free admission to the trade fair: <https://tickets.messe-muenchen.de/MM/ELE18/Register/>
You can arrange an appointment with your Viscom expert in advance under electronica2018@viscom.com.

We'll see you in Munich and until then, wish you all the best!

Yours,

Torsten Pelzer
Vice President Sales
Viscom AG
